

HOW TO PLAY

- 1 Start at BEGINNING.
- 2 Roll the dice and move forward the number of spaces.
- 3 Solve the math problem in the cell you land on.
- 4 If correct, stay on that cell. If incorrect, go back to your original place.
- 5 Follow the special rules for Traps and Treasures.
- 6 Reach the end and choose your destination!

MATH ADVENTURE QUEST!

ROLL • SOLVE • STAY!

All problems are addition or subtraction within 100!

CELL TYPES

NORMAL CELL

Solve the math problem.

EXTRA CHALLENGE TRAP

Add the trap number to the problem, then solve.

TELEPORT TRAP

Solve the problem here first.

If correct, go to the last cell and solve that problem.

- If correct, come back and stay.
- If incorrect, go back to START.

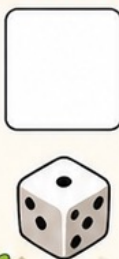

TREASURE

No problem! You always stay.

PLAYERS

CHOOSE YOUR DESTINATION!

ROLL THE DICE!

1 GET SNACK
